

JUDE OBUO UNAH

Software Engineering Student | Data & AI Support Professional

unahjude@gmail.com | Nigeria | github.com/1unah1

SUMMARY

Software Engineering student with hands-on experience in AI data annotation, content review, and administrative operations. Comfortable working in Linux and command-line environments, and applies version control (Git/GitHub) to personal coding practice in C and HTML. Known for close attention to detail, structured problem-solving, and reliability in guideline-driven work. Building toward a career in software development while contributing to real-world AI training projects.

SKILLS

Programming & Development: C (fundamentals), HTML, Git & GitHub, Linux/Ubuntu, WSL, Command Line (Bash)

Data & AI Evaluation: AI output review, data annotation, fact-checking, guideline compliance

Productivity Tools: Microsoft Office (Excel, Word, PowerPoint), Google Workspace, task tracking tools

EDUCATION

B.Sc. Software Engineering (In Progress) *Expected 2027*
Miva Open University, Port Harcourt, Nigeria — Currently in Year 2 (200 Level)

Senior School Certificate Examination (SSCE) *2014*
Community Secondary School, Alode Eleme, Rivers State, Nigeria

TECHNICAL PROJECTS

Linux Development Environment Setup

- Set up and maintained a Linux-based development environment using WSL (Windows Subsystem for Linux) for daily coding practice.
- Diagnosed and resolved a system boot issue using command-line recovery tools, restoring full functionality without data loss.

C & HTML Practice Projects

- Wrote basic C programs to practice core programming logic, including loops, conditionals, and functions.
- Built simple web page structures using HTML.
- Used Git and GitHub to track changes and manage project versions.

WORK EXPERIENCE

AI Tutor / Data Annotator *2024 – Present*
Mindrift — Remote

- Review and score AI-generated responses for accuracy, grammar, reasoning, and guideline compliance.
- Identify factual errors, inconsistencies, and formatting issues in AI outputs, then rewrite them into clear, correct text.
- Follow detailed project guidelines closely to keep tagged data consistent and unbiased.

Personal Assistant to Executive Partners *Aug 2022 – Present*
Ejeh, Ejeh & Co. — Nigeria

- Manage daily calendars and schedules for executive partners using Google Calendar, preventing conflicts and missed deadlines.
- Serve as first point of contact for day-to-day office issues, resolving administrative bottlenecks quickly.
- Review, sort, and evaluate incoming documents and applications to support faster decision-making.

Legal Secretary & Document Controller *Feb 2017 – Jun 2019*
Ejeh, Ejeh & Co. — Nigeria

- Organized and maintained high-volume digital and physical filing systems using MS Word and document management tools.
- Handled digital processing and online stamping of legal documents with zero errors.
- Built spreadsheets in Excel to track document histories and reduce manual entry mistakes.

STRENGTHS

- Attention to Detail — skilled at spotting errors, inconsistencies, and quality issues across data, documents, and written content.
- Problem-Solving — troubleshoots technical and operational issues methodically, from software environments to office workflows.
- Organization — strong track record structuring and managing high-volume information and documentation.

LANGUAGES

English — Fluent / Native proficiency.
